

Isaac C Olegario

SUMMARY

Aspiring IT Support with hands-on experience in a 3-PC home lab workgroup setup. Built PCs from scratch and performs 3 daily troubleshooting routines covering network connectivity (TCP/IP, ping), secured file sharing with user permissions, and Windows Firewall & system logs. Skilled in IT documentation and committed to reliable technical support.

TECHNICAL SKILLS:

- Static IP, Ping Test, File & Printer Sharing
- Windows Installation & Storage Management (C: / D:)
- Windows Firewall: Inbound Rules (File Sharing, ICMP)
- User Management: Local Users & Groups (lusrmgr.msc), NTFS & Share Permissions
- Hardware: Basic Switch / Router identification (MikroTik hEX, TP-Link TL-SG108E)

HANDS-ON PROJECT

- Configured file server with secured shared folders (HR_Files)
- Implemented least privilege: user1 can access, user2 denied (not Everyone)
- Documented daily troubleshooting tasks
- Built desktop computers from scratch, installed OS, drivers, and performed hardware diagnostics.
- Hardware & Software Troubleshooting
